Section TWO

## INDEX TO VOLUME 11

January thru June 1946

### How to Use This Index

As you know, items in Quotz, arranged alphabetically according to subject, are assigned an index number. In our semi-annual index, the first numeral in each reference refers to the issue of Quotz, the second numeral indicates the location of the item, according to its index number. Thus: "Action—8-1; 17-1; 23-1" tells you that items relating to Action will be found in the 8th, 17th, and 23rd issues of this volume of Quotz under Index No. 1.

Quotations in the section *May We QUOTE You On That?* are also numbered consecutively, but each number is followed by the letter Q. The reference to "Actresses—16-32Q" indicates that this particular quotation appears in issue No. 16, item 32 Q, in the *May We QUOTE... section.*

One or more letters, following an issue number, refer to material in regular departments. For example: "Advertising—10-NN" means that an item relating to Advertising will be found in the 10th issue, under the department heading, *News Of The New*. A complete list of department abbreviations follows:
